## PERSONAL AND LOCAL ITEMS OF NEWS.

Festival to-night at the rink.  
The colored band will give an ice cream festival this evening.

Mr. C. S. Treat, of this office, went to Topeka yesterday on a visit.

Case Harris, a real estate man of Caldwell, was in the city yesterday.

The district court is still grinding away on the Nelson divorce case.

A new lamp was put up on Main street, in front of Odd Fellows' hall yesterday.

A heavy train of material went out on the extension of the Wichita & Western yesterday.

The railroad is now completed to Kingman, and the side tracks were being built yesterday and to-day.

Mr. Levy and wife departed on last evening's train for Kansas City, where they go to hear Miss Nilsson and the famous Thomas chorus.

The case of Eliza J. Williams vs. the Atchison, Topeka & Santa Fe road, was dismissed as per stipulations in the district court yesterday.

Mr. John Charlton, formerly of this city, but now engaged in buying wool for a Boston firm, is in the city, combining business with pleasure.

In our notice of the Baptist entertainment yesterday, we credited Mrs. W. G. Noble with a song. It should have been Mrs. W. G. Hobbs.

Anyone having a first-class mosquito net for the head, one that they can thoroughly recommend, will probably find a purchaser by calling upon O. D. Barnes.

Elaborate arrangements have been completed for the Methodist festival at the rink this evening, and those who remain away will miss a pleasant time.

We are pleased to learn that the gross receipts of the entertainment at the Baptist church Wednesday evening were upwards of \$50, and that the society cleared over \$40.

Mr. J. O. Davidson has purchased the Broken Arrow property, on the corner of Lawrence avenue and Oak street, which is delightfully situated with south and east fronts.

Probate Judge Jewett says there will be no business done in his court until after Blaine's nomination. Just at present it looks as if the judge might be idle for some time.

The Golden Rule store have on their counters 2,500 yards of lawn at five cents a yard. Good clothe, pretty patterns and fast colors. These goods are offered at a reasonable profit.

The following figures will show the receipts and disbursements of the county treasurer's office up to the hour of closing yesterday: Receipts, \$235.48; disbursements, \$129.60.

The funeral of the infant daughter of Mr. and Mrs. S. E. Wallace, who live opposite the A. M. E. church, took place yesterday morning at 10 o'clock from the residence, and was attended by relatives and friends.

From a circular before us we learn that Oklahoma colonists, and all others desirous of settling in that country, are to have a meeting at Hunnewell on June 16th, for the purpose of making a concerted move to that land.

A number of ladies were quite badly disappointed yesterday in going to the store of M. Kohn & Co. in the afternoon to purchase some of their low priced lawn, to find that they had all been sold long in the morning.

No complaints of excessive assessment were made to the county commissioners yesterday, hence their meeting was void of particular interest. To-day they will listen to complaints from people of Morton, Afton, Erie, Viola, Ohio and Minnescah townships.

P. H. Massey, formerly sheriff of this county, who now resides in Kingman county, was in the city yesterday. Many of his old friends in this county will be glad to learn that Mr. Massey has been successful in his new home, and now has a farm worth six thousand dollars.

W. L. McEber, the popular abstractor, came down street yesterday afternoon with a gait and look that betokened unusual interest in the future president of the United States, not in him who is to be nominated to-day at Chicago, but a bright and lively little chap who made a first bow to his native land just after dinner.

The old soldiers, under the auspices of Garfield Post, will have a basket picnic on the 4th of July, in some grove convenient to the city. All comrades and their friends are invited to participate. In the evening a ball will be given at the opera house, the proceeds to be applied to the relief fund of the Post. Full particulars will be given as the day approaches.

Mr. Bion S. Hutchins, of Kingman, who had been attending the commencement exercises of the state university at Lawrence, and who was on the way home yesterday, called. He had written a full account and sent it by mail, which, if there is room, will appear in this issue. Mr. H. is a graduate of this institution, and is very proud of its rapid stride. He left home on the 11 a. m. train.

H. W. Lawrence and wife will leave the city next Monday for Hartsfield, Massachusetts, to be gone three months. They will go to Washington, from there to Princeton college, where their son Berton is a student, and who will finish the course in one more year. After attending commencement exercises at Princeton, they will go to New York, and from there to their old Massachusetts home.

There will be an important meeting of Mt. Olivet Commandery No. 12, Knights of Pythias, to-night at their hall, at which time the installation of the recently elected officers will take place. O. D. Barnes, E. C. J. H. Aley, G. W. S. Corbett, C. G. J. P. Adams, Preister, F. Ross, S. W. Chas. H. Hunter, J. W. It is desired that as many Sir Knights be present as possible.

The wound received by Egan is rather a bad and ugly one, but not necessarily dangerous unless inflammation sets in. It was made with a large ordinary butcher knife, and is about one and a half inches deep, but reaches no vital point. Dr. McAdams rendered such medical aid as was necessary, and left the unfortunate man quite comfortable, though looking very pale from loss of blood.

A good one is told on the assessor of a certain township in this county, whose manner of doing business, if not legal, is certainly unique and original. By him all renters and children were not considered citizens, and were, of course, passed by. He placed the assessment of a quarter section of raw land at \$1,000 if owned by a non-resident, but if the owner lived in the township it was put down at \$800. His township has gained in population in the last year something over 300, but according to his books it has fallen away 135.

## COMING TO WICHITA.

Yesterday the writer had a very agreeable conversation with Mr. John R. Reed, of Sharon, Penn., who was in the city in company with his brother Mr. J. I. Reed, of Newton. Mr. John Reed, who has large business interests in the east, is in the west hunting up a desirable business location for his two sons who propose launching out for themselves. He is very much pleased with Sedgewick county in general and Wichita in particular, and it is more than probable that he will invest in property in this city. He says that there are a number of his friends in Pennsylvania who are seriously talking of coming to Kansas, two or three of them having already made arrangements to this end. The people of his state are closely watching the workings of the prohibitory law here, and are largely in sympathy with it. Mr. Reed will correspond with several of his friends relative to the outlook in this state, and we feel quite confident his letters will be of a complimentary character, as he is greatly impressed with the future of Kansas.

## MRS. RUSSELL'S BENEFIT.

The complimentary benefit which will be tendered to Mrs. C. Russell, at the opera house next Tuesday evening, by the Wichita Lodge No. 86, I. O. O. F., promises to be an event of no little interest. At that time will be presented J. B. Edwin. Buchanan's very beautiful three act comedy, entitled "Leap Year or the Ladies' Privilege." This is a very captivating comedy, abounding in novel and grotesque situations, and as it has been in course of rehearsal for some time, we feel confident that the entertainment will be well worth attending. The following is the cast of characters: Sir Solomon Solus.....A. A. Glenn. Capt. Mouser.....G. H. Herrington. Mr. Dimple.....M. Allen. Wm. Glenn. Joseph.....C. B. Wilson. John Phineas.....R. S. Walker. Diggs.....Judge E. B. Jewett. Mrs. Flowerden.....Mrs. W. P. Stem. Miss O'Leary.....Mrs. Dr. C. Farley. Miss Desperate.....Mrs. J. P. McMillen. Mrs. Crisp.....Mrs. M. Stewart. Susan.....Miss Belle Moss. Betty.....Miss Laura Woodcock. The box sheet will be opened at the post-office book store this morning, and reserved seats may be had without extra charge. Parties who have selected seats will confer a favor by calling and having their tickets checked.

## STOCK SUBSCRIBED.

The following orders have been made by the board of county commissioners of Sedgewick county, and furnished under seal of the clerk: For the county clerk to make subscription to stock of the Wichita, McPherson & Denver railroad company's stock, according to law, in the sum of \$10,000, for Delano township, and in accordance with the propositions set forth and voted upon in the townships of Greeley and Union. The trustees of Union and Greeley townships are notified that the election expenses of both townships on the bond propositions submitted by the Wichita, McPherson & Denver railroad company have been placed in the hands of the county clerk by said railroad company.

## ANOTHER SCREEN.

Superintendent of instruction, R. R. Coleman informs us that the road to Kingman was finished and the last side track put in at that place on Wednesday. The new time table is printed and regular passenger trains will be running through on schedule time on and after Monday, but whether it will be the a. m. or p. m. train we are not informed. The Eagle spreads her wings and gives a long and loud scream of good will to the bright city of Kingman and her enterprising people.

Next Tuesday the New York store will begin the sale of 25,000 yards of embroidery at the extremely low price of five cents per yard. If these goods meet with as ready sale as did their lawn yesterday, it will stand everyone in hand, who wants that class of goods, to call early, or they will find that they are just in time to be too late, and thereby miss some excellent bargains. Their embroideries are not old shelf-worn goods, but are just from the east, and are only sold at this low figure at special sale.

Mr. A. C. Rhoads, formerly connected with the dry goods house of Robinson Bros., has accepted a position in the boot and shoe store of W. S. Pierce, entering upon his new duties yesterday. Mr. Rhoads is an energetic young man, and we wish him success in his new field.

We are pleased to learn that Mr. George Blackwelder and family, of Wellington, are coming to Wichita to reside. Mr. B. is a prominent capitalist and real estate man, and will be a fine addition to our commercial circles, while Mrs. B., who has just returned from a visit to friends in Illinois, is a worthy and accomplished lady, and will add much to our society circles. They will go to housekeeping in this city as soon as their dwelling, now in course of erection, is completed.

We understand that the amateur dramatic company of this city have made a proposition to the managers of the city library association to give an entertainment for the benefit and under the auspices of the society. Whether this proposition will be accepted we do not know, but if it is the amateurs will probably produce "Lady Audley's Secret" at the skating rink Saturday evening.

The merchants on the north side of Douglas avenue from Fochheim to MacZimmerly's corner set an example yesterday worthy of imitation by all other merchants of the city. They had the gutters in front of their stores thoroughly cleaned.

Mr. Muller yesterday filed with the register of deeds a plat representing a supplementary addition to Wichita, which embraces fifty-two lots just north of the union depot.

## LAND SLIDES.

The following real estate transfers were recorded in the register of deeds' office yesterday: Isaac Cooley to Samuel Glover, 160 acres in s w q sec 31 28 r 4 east, \$6,000. Cuffie A. Allen to D. O. Williams, lot 67 Chalmers street in Wichita, 225. Chas. E. Meach to E. E. Ford, lot 70 on Emporia avenue in English's addition, 110. Geo. J. Thompson to C. E. ## THE TRACTION ENGINE.

The firms of Wallace and Derby gave a fine exhibition on Douglas avenue yesterday of their traction engine. Derby's engine, the "Antman-Taylor" was run by Engineer Charles Dedrick, and Wallace's engine, the "Eclipse," was run by Engineer Crosby. These machines are remarkable pieces of mechanism in their way. We suppose it would require an expert machinist to tell which is the better of the two. They run forward and back and turn with such rapidity and precision that one can almost imagine they are possessed of life. The engineers seem to control them as easily as one can move his own hand—they seemingly only will, and it is done. Soon the traction engine will be steaming over the prairies with threshing machines and thresh and clean the golden wheat, which before many weeks will be harvested.

## NEW DRUG FIRM.

Mr. T. P. Douglas, an old and experienced druggist, lately from Marshall, Mo., has purchased a half interest in the drug business of W. M. Swentzell, at No. 15 Main street, or what is known as the Central Drug Store, and in future the business will be conducted under the firm name of Swentzell & Douglas. These gentlemen are both experienced druggists, having followed this branch of trade for years, and the public can have every confidence in their ability and carefulness in compounding prescriptions or putting up medicines of whatever kind. Their stock is new and first-class, and as they are each strangers in the city, we hope our readers will call and see them, and give them a share of their patronage.

There is considerable wheat now being hauled into the city in wagons and sold to the mills. The farmers are now satisfied that they are going to have an abundant harvest and are getting rid of the old crop and getting the bins ready for the new wheat. The plan of keeping a part of the grain crops on hand until a new one is assured, is a good one. There is considerable corn held by our farmers that will not leave the cribs until the new crop of corn is past danger from any source.

The Knights of Labor held a very enjoyable social in the court room last evening, which was numerously attended. A very able oration, suitable to the time and occasion was delivered by Dr. ——— after which Prof. Arbolino sang in his acceptable way, "Forty Miles Away," which was received with much favor. The audience were also highly entertained by a dialogue by the Misses Davidsons, after which a general social was indulged in and greatly enjoyed it to quite a late hour.
